The Dana-Farber Cancer Institute Registered Nurse Residency Program is a 12-month experience that builds on the education and skills of newly licensed nurses (NLNs) and prepares them to practice nursing in ambulatory oncology settings. The Dana-Farber Nurse Residency Program offers two oncology specialties: Infusion and Clinical Research. Newly licensed nurses are encouraged to apply for the specialty that meets their professional goals. Click HERE to learn more about the Nurse Residency Program.

**Eligibility**

- Baccalaureate degree in nursing from accredited nursing program
- Licensed as a Registered Nurse in the Commonwealth of Massachusetts

**Application Process**
